**FOR IMMEDIATE RELEASE**

**Nighttime Roadwork to Resume for Highway 12 Rio Vista Bridge**

RIO VISTA – The California Department of Transportation (Caltrans) is advising motorists that delays on State Highways 12 and 160 will continue next week due to nighttime work on the Rio Vista Bridge beginning Sunday.

One-way traffic control using flagging stations and pilot cars is scheduled from **8 p.m. to 5 a.m. Sunday through Thursday**. The intersection of Highways 12 and 160 will be included in the traffic control. Maritime traffic will still be allowed to pass and the bridge will lift as needed to accommodate large vessels.

Delays up to 30 minutes are to be expected. Motorists are urged to plan for additional travel time and/or use alternate routes. The U.S. Coast Guard has granted approval for the work on the lift-span, and pedestrians will not be allowed to cross without assistance during traffic control operations. The California Highway Patrol will be present at all times.

Motorists are reminded that weather conditions can alter or delay the work schedule.
